

# FUSHIFARU:

## A REFINED ISLAND RESORT IN THE MALDIVES

*In the far reaches of the Indian Ocean, where the blues deepen and time slows to the gentle rhythm of the tide, lies an island that understands the language of refined luxury. Fushifaru is not a spectacle-driven escape, nor does it rely on excess to impress. Instead, it offers something far more enduring: a beautifully balanced resort experience where thoughtful design, marine conservation and personalised hospitality come together with effortless grace.*

Set on the untouched north-eastern edge of Lhaviyani Atoll, Fushifaru occupies a privileged position between protected reefs and open ocean. Surrounded by powder-white sand beaches, lush greenery and crystalline turquoise waters, the island presents a sense of calm from the very first moment — a place where the Maldives reveals itself in a restorative, more considered way.

This is a resort that invites guests to experience life both above and under the waterline, where every detail has been designed to enhance

connection — to nature, to loved ones and to oneself.

***“FUSHIFARU OFFERS A RARE BLEND OF PRIVACY, AUTHENTICITY AND CONSCIOUS LUXURY.”***

### AN ARRIVAL DESIGNED WITH EASE

The journey to Fushifaru is seamless and thoughtfully orchestrated. Upon arrival at Velana International Airport, guests are met by a dedicated Airport Host who assists with luggage and guides them

through the next stage of their journey, ensuring a smooth and unhurried transition from international travel to island life.

Those travelling by seaplane are escorted on a short transfer to the TMA Seaplane Terminal before embarking on a breathtaking 35-minute flight over the Indian Ocean. Below, scattered atolls and shifting shades of blue offer a preview of the natural beauty that defines the Maldives.

Alternatively, guests may travel by domestic flight to Madivaru Island, followed by a scenic speedboat journey across turquoise waters to Fushifaru. Whichever route is chosen, arrival is marked by a warm and joyful Maldivian welcome — upbeat, genuine and refreshingly personal.

**A RESORT DEFINED BY THOUGHTFUL COMFORT**

Fushifaru offers a carefully curated collection of 63 villas, comprising 44 Beach Villas and 19 Water Villas, each designed to exude

understated luxury and eco-friendly elegance.

The aesthetic is calm and contemporary, allowing the surrounding landscape to take centre stage. Interiors are spacious and thoughtfully appointed, featuring king-sized beds, luxe furnishings and soft, natural tones. Outdoor bathrooms with rain showers, double vanities and freestanding bathtubs invite guests to indulge in moments of quiet luxury beneath open skies.

Whether framed by tropical greenery or poised above calm lagoon waters, every villa offers uninterrupted views of the Maakandu — the vast Indian Ocean. Private terraces become personal sanctuaries, ideal for sun-drenched mornings, leisurely afternoons or intimate dinners under the stars.

***“EVERY VILLA IS DESIGNED AS A PRIVATE SANCTUARY, FRAMED BY SEA, SAND AND SKY.”***

**CUSTODIANS OF A FRAGILE MARINE WORLD**

One of Fushifaru’s most defining qualities lies beneath the surface. Positioned between three significant marine ecosystems, the resort is the proud custodian of the protected reefs that surround the island. Fushifaru’s commitment to marine conservation extends to an ongoing coral propagation project, where broken coral fragments are carefully attached to specially designed frames in the lagoon to encourage growth and regenerate the house reef. Guests can snorkel around these structures and witness coral development up close. An underwater playground with features like a submerged swing and bicycle adds fun while connecting visitors to the marine environment.

Snorkelling and diving experiences reveal vibrant coral gardens, abundant marine life and crystal-clear waters — all preserved through a strong commitment to conservation. Guests are encouraged to explore responsibly, gaining a deeper

appreciation for the delicate underwater world that makes this part of the Maldives so exceptional. Here, luxury and sustainability coexist naturally, guided by a philosophy that values preservation as much as pleasure.

***“SURROUNDED BY PROTECTED REEFS, THE RESORT STANDS AS A CUSTODIAN OF A VITAL MARINE ECOSYSTEM.”***

**A CULINARY EXPERIENCE ROOTED IN QUALITY**

Dining at Fushifaru is an experience defined by freshness, flavour and setting. Across its restaurants and bars, the resort offers a diverse culinary journey that reflects both global influences and island inspiration.

Korakali All-Day Dining sits at the heart of the island, offering panoramic ocean views and a relaxed yet polished atmosphere. From sunrise breakfasts to evening dining, the menu travels across cuisines while celebrating local ingredients and Maldivian flavours.

For a more elevated experience, Raakani Fine Dining overlooks the shimmering sea from a thatched pavilion. Here, guests dine on expertly prepared seafood, fresh catch of the day and perfectly grilled meats, served with finesse and upscale sophistication.

At Thundi Beach Bar, the mood shifts to effortless indulgence. Cabanas, sand between your toes, cold-pressed juices, immune-boosting elixirs and fresh fruit skewers create the perfect setting for long, sun-soaked afternoons.

For ultimate privacy, In-Villa Dining transforms terraces and decks into intimate dining spaces, whether for a romantic dinner or a leisurely breakfast overlooking the lagoon. Throughout the resort, the food is consistently exquisite — beautifully presented, thoughtfully prepared and genuinely memorable.

***“AT FUSHIFARU, DINING IS AN EXPERIENCE SHAPED BY SETTING, FRESHNESS AND REFINED SIMPLICITY.”***

**PERSONALISED SERVICE THAT SETS THE TONE**

From the moment guests arrive in the Maldives, the experience at Fushifaru is defined by genuine care and warm, intuitive

service. The seaplane transfer itself feels like a celebration — a luxurious, almost ceremonial welcome and farewell, marked by charming, festive touches and a sense of ease that immediately sets the tone.

On the island, the staff embody gracious Maldivian hospitality: attentive, friendly and deeply considerate without ever being intrusive. A dedicated Resident Host remains on hand throughout the stay, ensuring every detail feels personalised and effortlessly managed. Thoughtful comforts such as in-villa room service and the reassurance of an on-site doctor add an extra layer of ease and wellbeing, allowing guests to fully relax into island life.

Surrounded by sea, sand and lush greenery, one feels profoundly close to nature — not observing it from a distance, but living within it. From arrival to departure, the atmosphere is caring, luxurious and wonderfully comfortable, creating a sense of being completely held by both the island and the people who bring it to life.

***“SERVICE AT FUSHIFARU IS PERSONAL, INTUITIVE AND DELIVERED WITH EXCEPTIONAL WARMTH.”***

**WELLNESS IN HARMONY WITH NATURE**

Hidden within lush greenery lies Heylhi Spa, a serene sanctuary dedicated to holistic wellbeing. Inspired by the Frangipani flower — known as the ‘Tree of Life’ — the spa reflects values of balance, beauty, love and harmony.

Treatments are designed to reconnect mind, body and spirit, blending ancient healing traditions with modern wellness practices. The gentle scent of frangipani fills the air, enhancing a sense of calm and renewal.

Guests can also enjoy the spa’s steam room and sauna, where heat and vapour detoxify the body and ease muscular tension. Emerging refreshed, one feels the rejuvenating energy that defines the atmosphere of the island itself.

***“THE ATMOSPHERE AT FUSHIFARU IS DEEPLY REJUVENATING — CALM, RESTORATIVE AND BEAUTIFULLY GROUNDED.”***

**CELEBRATING LIFE’S MOST MEANINGFUL MOMENTS**

Romance finds a natural home at Fushifaru. Couples can exchange vows during an intimate sunset beachfront ceremony or on a secluded turquoise sandbank, with every detail curated by the resort’s dedicated Wedding Planner.

For proposals, bespoke experiences unfold with champagne, flowers and private dining in unforgettable settings. Honeymooners are welcomed into a world of privacy and indulgence, where romantic turndowns, celebration cakes and unhurried moments are framed by ocean views and tropical serenity.

***“FROM PROPOSALS TO HONEYMOONS, FUSHIFARU CREATES MOMENTS THAT QUIETLY BECOME LIFELONG MEMORIES.”***

**A THOUGHTFUL DEPARTURE**

As departure day approaches, the same attention to detail continues. Resident Hosts share all travel arrangements in advance, allowing guests to settle any outstanding

matters the evening before and enjoy their final hours without interruption.

On arrival at Velana International Airport, Fushifaru’s Airport Host once again assists guests through to their international departure gate — a final gesture that reflects the resort’s commitment to seamless service from beginning to end.

**THE ESSENCE OF FUSHIFARU**

Fushifaru is a resort that understands refinement. It does not overwhelm, nor does it overstate its luxury. Instead, it delivers a beautifully balanced Maldivian experience — where design, service, cuisine and conservation align effortlessly.

With its personalised hospitality, exceptional Resident Hosts, exquisite dining, rejuvenating atmosphere and privileged island setting, Fushifaru is highly recommended for travellers seeking a polished, luxurious yet relaxed escape in the Maldives.

This is a place to slow down, reconnect and indulge — not extravagantly, but meaningfully. And in doing so, Fushifaru leaves its mark not just as a destination, but as an experience that lingers long after the journey ends.

***“AT FUSHIFARU, REFINED LUXURY UNFOLDS NATURALLY — UNHURRIED, PERSONAL AND DEEPLY MEMORABLE.”***
